For Authority to Discontinue an)	
Interconnected VoIP Service)	

Section 63.71 Application

Introduction

Artisan Infrastructure, Inc. (“Artisan” or “Company”), by counsel and pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and Section 63.71 of the Commission’s rules, 47 C.F.R. § 63.71, files this Application to discontinue offering its interconnected Voice over Internet Protocol (“I-VoIP”) service in California, Kansas, and Missouri (“Service Area”).

In support of its Application, Artisan submits the following information:

I. Name and address of carrier:

Artisan Infrastructure, Inc. is the carrier applying to discontinue its service. Its address is 12400 W Highway 71, Suite 350-407, Austin, TX 78738.

II. Date of planned service discontinuance:

Artisan plans to discontinue its I-VoIP service described in this Application on May 17, 2018 or as soon the Commission grants this Application(whether through automatic approval or otherwise).

III. Service Area:

Artisan offers service in California, Kansas, and Missouri. The company is exiting the I-VoIP market and respectfully requests to discontinue service throughout its geographic Service Area.

IV. Description of Service:

Artisan offers cloud-based enterprise data security, migration, recovery, and backup services. As part of this suite of services, Artisan has been offering enterprise I-VoIP service. A wide variety of competitors (such as incumbent local exchange carriers, competitive local exchange carriers, and other I-VoIP providers) offer substitutable services to Artisan's I-VoIP service.

V. Description of Dates and Methods of Notice to Affected Customers:

Currently, Artisan does not have any I-VoIP customers, and the Company is, therefore, discontinuing its I-VoIP service offering to concentrate on its other unregulated business lines. Because no customers will be affected by this discontinuance, Artisan has not sent customers a discontinuance notice, and the Company is not submitting a customer notice with this Application.

VI. Non-dominance of Discontinued I-VoIP Service:

Artisan seeks to discontinue an I-VoIP service. Therefore, as a matter of law, Artisan is non-dominant with respect to the service precipitating this Application.

VII. Service:

Pursuant to Section 63.71 of the Commission's rules, Artisan served a copy of this application on the Governor of the states of California, Kansas, and Missouri; the California

Public Utility Commission; the Kansas Corporation Commission; the Missouri Public Service Commission; and the United States Secretary of Defense.

Conclusion

Granting this discontinuance will not harm the public convenience and necessity because Artisan does not currently serve any I-VoIP customers and any potential Artisan I-VoIP customers are well-served by a variety of competitive voice providers in the market. Therefore, Artisan respectfully requests that the Commission grant this Section 63.71 Application to discontinue Artisan's I-VoIP offering throughout its Service Area.

Respectfully Submitted,

/s/ Michael P. Donahue
